

Andrey Lapchik

Full-stack developer

Riga, Latvia contact@andryshka.com +371 28176717 andryshka16

About me

- ◆ Full-stack developer experienced in trading platforms, iGaming, and productivity tools
- ◆ Skilled in scalable business logic, performance optimization, and real-time data systems
- ◆ Strong technical background in React/Next.js (frontend) and NestJS/WebSockets (backend)
- ◆ Effective collaborator with experience in both local office teams and international projects

Experience

- ◆ **Dec 2025 – Present → Frontend Developer, PLS™**
Building interactive user interfaces and real-time web solutions for iGaming with modern frontend technologies.
- ◆ **Mar 2025 – Dec 2025 → Full-stack Developer, Cryptonit**
Expanded into backend systems and core architecture design, optimizing performance, integrating Redis/WebSockets, and ensuring platform scalability.
- ◆ **Aug 2024 – Mar 2025 → Lead Frontend Developer, Cryptonit**
Led frontend development of a crypto trading platform in a team of 5, implementing real-time trading interfaces and coordinating UI delivery.
- ◆ **Jul 2023 – Aug 2024 → Freelance Developer**
Built small-scale frontends and micro-commerce projects for clients, gaining hands-on experience in web development and client communication.

Achievements

- ◆ Developed scalable interactive solutions for the iGaming industry
- ◆ Built and deployed multiple production-ready trading platforms on Solana and BSC networks
- ◆ Designed scalable backend architecture reducing latency in real-time data systems
- ◆ Successfully delivered freelance projects to international clients

Education

- ◆ University of Latvia – Computer Science, 2nd year, 3rd semester (2024 - present)
- ◆ Riga State Classical Gymnasium, Electronics and Telecommunication Faculty, 2021 - 2024
- ◆ Datorium coding courses – Python & JavaScript (2022)
- ◆ Fireship courses – Next.js (2023)

Tech stack
